Advisory Opinion from June 15, 2009

The Ethics Commission reviewed a request for an opinion regarding a potential conflict of interest for County employees to provide technical assistance to other groups who may utilize TV Channel 6 which will now be under the County's control.

The Commission determined that given the speculative and remote nature of the potential gain for the employee to provide volunteer technical assistance to community groups who wish to develop and utilize programs to be used for Channel 6, this situation does not rise to the level required to determine an actual or perceived conflict, which would violate § 8-11.A(7).
